

Norfolk Local Councils 2018 Conference

The Norfolk Branch of the Society of Local Council Clerks would like to invite clerks and councilors from Parish and Town Councils throughout the county to their second summer conference following on from last years inaugural event. Our aim for this conference is to provide a varied programme of speakers of interest to both clerks and councilors and to all councils irrespective of size. We are confident that any subject your council is not directly involved with will be presented in a manner that will still be of general interest.

At the end of the conference there will be a feedback sheet and the most pertinent element of that will be suggestions on future topics. If you need to know more about something it is likely many other councils will – so, please let us have your ideas.

Trade Stands

A selection of sector relevant trade stands

Topics and Speakers for the Day

Creating a Cemetery

Tony Needham – Dereham Town Clerk

How do you build a cemetery? This is a question that Tony can answer for you as Dereham Town Council have recently undertaken this task. You may not be in the same position but Tony's experience could assist with smaller issues within your own cemetery.

SLCC President

David Preston - is the clerk to Oswestry Town Council and he would like to focus on “**managing and surviving change**”. He hoped to offer some tips for survival in a job that can be so rewarding, but at times can go so horribly wrong. Specifically, he wanted to focus on bullying and the total inadequacy of any sanction against breaches of the Code of Conduct

Groundwater Flooding Issues

ICCM - Mathew Crawley

This presentation will look at the issues of groundwater flooding and the risks associated with this. The presentation will focus on cemeteries but the issues traverse all areas of open space.

National Planning Policy Framework (NPPF)

Phil Courtier – Head of Planning Broadland DC

The NPPF is currently out for consultation. How will this impact on Local Plans and also your Neighbourhood Plan?

There's a policy for that!

Speaker - TBC

- Are your policies a help or a hindrance?
- How do you ensure councilors appreciate the benefits of policies?
- What ones do you need?

All these and other questions answered in this inter-active session

BOOKING FORM

See over for return details

The cost of the conference will be **£49.50** per delegate.

Payment may be made by cheque payable to Norfolk SLCC or direct payment to Norfolk SLCC 20-92-08 00256609. The new SLCC bursary can be used to offset this cost – see www.slccnorfolk.co.uk for details and an application form.
