

Title: Microsoft 365 Masterclass

Improving remote working for councils during Covid-19

Brought to you by: CloudyIT

A one-hour hands on webinar designed to highlight the benefits of working in the Microsoft 365 Cloud. This masterclass will run through real-world examples of how councils are utilizing the cloud to operate and continue serving their communities during the Covid-19 crisis.

Focusing on 4 key areas, our masterclass will cover the basics as well as provide you with knowledge of how the applications in the cloud work and how they can benefit your council.

Facilitating Secure & Compliant Document Management

Simplifying council admin of user and file permissions & document management and sharing through Microsoft SharePoint and OneDrive

Enabling Stakeholders to Collaborate & Communicate Effectively

Access to shared files and Microsoft 365 instant messaging tools that allow real-time collaboration among your council staff

Ensuring Data Security & Compliance with Government Regulations

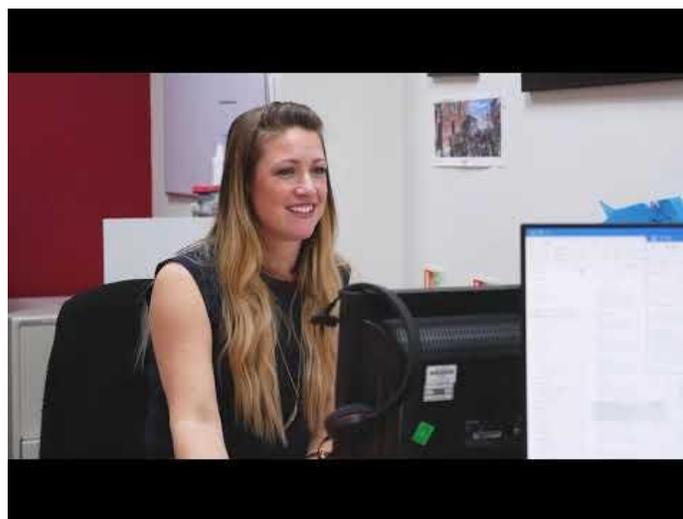

Securing your council with encryption, backup, auditing, monitoring, reporting, GDPR etc for good governance and compliance

Supporting Your Organisation's Environmental & Social Commitments

Ensuring greatest value from your council's service to its community by doing work that is socially & environmentally responsible

Why modernise your council?

Who is the event is aimed at?

Clerks, council staff or councilors who are interested in moving their council to the cloud and want a short overview of key features and benefits before they do.

How will you benefit from attending?

This session will give you a key understanding of Microsoft 365, the applications that are included and how your council could benefit from them.

About Cloudy Group Ltd

Cloudy Group is proud to be at the forefront of driving the adoption of modern working IT practices in the council sector. As a Microsoft partner, we work with councils and council bodies to digitally transform their organisations, improving productivity and efficiency whilst keeping control of costs.

Developed from years of experience working with town and parish councils, our modernisation program directly addresses the needs of council clerks, officers, and councilors to affordably deliver the latest cutting-edge technology and training that effectively aligns your staff and your systems.

"The webinar provided a very good level of detail on the scope and practicality of using MS Teams. The host was very engaging and happy to take questions and give clarification over the many features and applications of the software. Overall it was a very worthwhile use of my time, positive and a wide-ranging teaching tool."

Dominic Warner
Clerk, Campbell Park Parish Council
